

Binary and Ternary Form

Let's quickly revise some second grade stuff about form. There are two very common ways to structure music:

BINARY FORM

This has _____ sections
The letters would be

The main clue is that Section A often comes to rest on a note from chord _____

Pieces in Binary form are often _____ or _____ bars long (ie. each section is _____ or _____ bars)

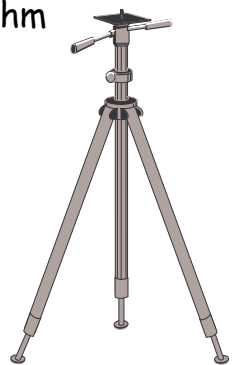

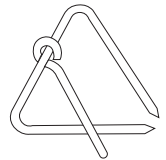

TERNARY FORM

This has _____ sections
The letters would be

The main clues are:
Section A returns so in a 12 bar piece the _____ four and _____ four bars will be extremely similar

Section _____ of the music will have a different shape and rhythm

Ternary pieces are often _____ or _____ bars long

Name the form of these pieces and mark the sections using letters:
